

School to Home Acceptable Use Rules

Parent and Student Agreement

Home Usage Guidelines:

- Each home may have its own set of rules and guidelines around using computers.
- Screen names should be used for safety purposes; however, users should never set up false accounts in order to pretend to be someone they are not.
- All school rules and responsibilities apply to home use as well.

Student Responsibilities:

- I understand that my computer is the property of Champlain Valley Union High School (CVUHS).
- I understand that my browsing history, downloads, and email are all subject to review by authorized school personnel.
- I will bring my computer to school each day charged and ready to use.
- I am responsible for the care and security of my computer in and out of school.
- I will not scratch off/remove any serial numbers or permanently alter the computer in any way.
- I will use the school case on the computer at all times.
- I will notify my house office immediately in the event of theft, vandalism, unauthorized use, or damage to my computer, or if I become aware of any technology problems or violations.

Parent/Guardian Responsibilities:

- I understand that my student's computer is the property of CVUHS.
- I understand that the browsing history, software, downloads, and email are all subject to review by authorized personnel.
- I accept full responsibility for supervision when my child is using the computer in a setting other than school or a school-related event. I understand that the teacher/school cannot be held responsible for infractions of the above rules by me, family members, or my child.
- I recognize that it is impossible to restrict access to all controversial materials. I will not hold the school/teachers responsible for materials acquired over the Internet.

- I understand that CVUHS/CSSU are not responsible for any financial loss due to improper use of the computer.
- My student will notify their house office immediately in the event of theft, vandalism, unauthorized use or damage to the computer, or if we become aware of any technology problems or violations.
- I understand that the school reserves the right to require full payment of a new computer if my child or any member of my family causes deliberate, malicious, and/or negligent damage to the computer or contributes to or is involved in the theft of the computer. I further understand that the police may be contacted upon such an occurrence.
- I promise that my child will return the computer immediately if we move or my child withdraws from the school for any reason. I understand that if this does not happen within a week of departure that I will be billed for and held legally responsible for paying for the cost of a new computer.

I have read and understood these rules and agree to follow them.
