## NEWS

- **On Sunday, 1/20, CVU's Principles of Business class will host the 11th Annual Family Formal.** The Family Formal is a dance for children and their families. This event allows children to get dressed up, attend a function with important adults in their lives, and help make a wish come true for a child living with a life threatening illness in our community. The dance will be held in the CVU Cafeteria from 4:30-7:30 pm. Tickets will be sold for \$22 per adult, \$6 per child. The class goal is to raise \$5,000. All proceeds will be donated to the Make-a-Wish Foundation of Vermont to sponsor the wish of a child from Chittenden County. This is a great opportunity to spend time with your family, support a great cause, and have fun! We have food, a photo booth, games/activities, and a silent auction. This year ordering tickets is easier...and online. Visit this link to reserve your tickets today: <https://www.ticketsource.us/cvufamilyformal>  
Please share this link! Thanks for your support!
- **CVU's Winter Ball** is on Saturday, 1/19 from 7-11 pm at the Hilton in Burlington! Join our "Ski Vacation" and enjoy FREE hot cocoa and Top Hat Entertainment's Photo Booth! Tickets are on sale in your house offices for only \$20 each. Sponsored by the Senior Class Council.
- **There will be a tech crew sign up meeting today** for all those interested in getting involved on a TECH CREW for THE LARAMIE PROJECT. People are needed to work on sets, scenic design, props, costumes, lights and sound. If you are interested in signing up to work on a crew, please plan to attend the meeting today from 3:15-3:40. The meeting will be brief, but it will be important to attend to find out some special information about the technical needs of this particular show. For planning purposes - the 1st SET CREW call will be tomorrow. The performances dates for THE LARAMIE PROJECT are March 15th thru 17th.
- **Sophomore Class Council** will meet TWICE this week. Please come by room 107 on Tuesday at 7:50 AND on Friday, same time same place. We have to PLAN CLASS-T-SHIRTS for Winter Carnival and the earlier we start, the better. Questions? See Fonge in Nichols fishbowl.

## DIRECTION CENTER:

- We are looking for students to participate in the Buddy Program for Semester 2! As a Big Buddy you are matched with a student in grades K-4 at a local elementary school. Buddies work one-on-one with their student typically playing games, reading, talking or helping with class work. CVU students can earn .25 credit per semester for participation. Transportation is available. Please see Naomi Williams or Sara O'Hare-

## **WORD OF THE DAY: Paradigm**

1. Example, pattern; especially: an outstandingly clear or typical example of archetype
2. An example of a conjugation or declension showing a word in all its inflectional forms
3. A philosophical and theoretical framework of a scientific school or discipline within which theories, laws, and generalizations and the experiments performed in support of them are formulated; broadly: a philosophical or theoretical framework of any kind

*Paradigm* traces to a Greek verb meaning "to show," and has been used in English to mean "example" or "pattern" since the 15th century. Some debate exists, however, about what kind of example qualifies as a paradigm. Some people say it's a typical example, while others insist it must be an outstanding or perfect example. The scientific community has added to the confusion by using it to mean "a theoretical framework," a sense popularized by American scientist Thomas S. Kuhn in the second edition of his influential book *The Structure of Scientific Revolutions*, published in 1970. In that work, Kuhn admitted that he had used *paradigm* in 22 different ways. Some usage commentators now advise avoiding the term entirely on the grounds that it is overused.
