WORD OF THE DAY: **Habiliment**

1. Characteristic apparatus: trappings
2. a. the dress characteristic of an occupation or occasion – usually used in plural
b. clothes – usually used in plural

Habiliment, from Middle French *abillement*, is a bit old-fashioned and is often used to describe complex, multi-pieced outfits like those of medieval times. For instance, a full suit of armor—which might include a helmet, a gorget, pallettes, brassard, a skirt of tasses, tuilles, gauntlets, cuisses, jambeaus, and sollerets, along with other pieces and plates—can be considered the habiliments of a knight. Nowadays, *habiliment*, which is usually used in its plural form, is also fitting for the dress of an occupation, such as the different vestments of a priest, or for clothes, such as elegant formal wear, worn on special occasions. When *habiliment* is used for plain old *clothes*, it is more than likely for jocular or poetic effect—as we see it being used by William Shakespeare in the first example below.
