## WORD OF THE DAY: **Gloaming**

Twilight, dusk

If *gloaming* makes you think of tartans and bagpipes, you've got a good ear and a good eye; we picked up *gloaming* from the Scottish dialects of English back in the Middle Ages. The roots of the word trace to the Old English word for "twilight," *glōm*, which is akin to *glōwan*, an Old English verb meaning "to glow." In the early 1800s, English speakers looked to Scotland again and borrowed the now-archaic verb *gloam*, meaning "to become dusk" or "to grow dark."
