

Format 1: Resource Tracking Sources

This is a simple format that uses the Essential Question outline as the organizing structure for keeping track of sources. You could also organize this format according to main points in your paper.

Example:

<p>Essential Research Question #1:</p> <p>Write a few sentences about this resource</p> <p>Write the complete citation for this resource</p>
<p>Essential Research Question #2:</p> <p>Write a few sentences about this resource</p> <p>Write the complete citation for this resource</p>
<p>Essential Research Question #3:</p> <p>Write a few sentences about this resource</p> <p>Write the complete citation for this resource</p>
<p>Essential Research Question #4:</p>

Write a few sentences about this resource

Write the complete citation for this resource
